ST. BERNARD CATHOLIC CHURCH

MIDDLETON, WISCONSIN

Architects and Engineers, Madison, Wis.

Hi!

H. H. Companion, this is a new church in my home town, Built after a church in Rome, Italy. The only one in the U.S. like it. It is the shape of a cross. The bell tower is out side in that tower. Will you send me a card in return so I can see what Elizabeth, Pa. looks like? If you want to exchange further for the two inside views in color let me know. Different.
